

EMERGENCY PETITION FOR REMEDY

Date: April 3, 2022, AD in the year of our Lord

To: The Honorable Governor of Florida

Ronald Dion DeSantis

RE: REQUEST FOR STATEWIDE GRAND JURY INVESTIGATION BY GOVERNOR DESANTIS

Dear Governor DeSantis,

We the People, from multiple counties inhabiting Florida, having assembled according to Article 1 Section 5 of the Florida Constitution, do now manifest all our inherent political power as stated in Article 1 Section 1, do seek and instruct by petition the Honorable Ronald DeSantis, Governor of Florida, to convene four Statewide Grand Jury inquisitions, based upon innumerable widespread public allegations and suspicions of fraud, conspiracy, theft, maladministration, malfeasance, treason, sedition, murder, and all other related crimes involving the following events below:

1) – Presidential election of 2020 – We the People of Florida suspect with substantial merit and reason that widespread election fraud and theft occurred. Our judicial due process was obfuscated and thereby denied. In addition, much evidence of irregularities have occurred within the computer vote tabulation processes, therefore demanding a thorough and immediate Statewide Grand Jury inquisition.

2) – COVID -19 Pandemic – We the People of Florida, believe there are widespread allegations and merited suspicions of medical fraud, conspiracy, maladministration, malfeasance, treason, murder, malpractice, sedition, which demands immediate and thorough inquisition by a lawful Florida Statewide Grand Jury.

3) – Schools and our Children – We the People of Florida, have concluded that the “book and curriculum” industry, school administrators, school boards and teachers’ unions, are at war with our children and our long held American Christian Heritage and values being deeply rooted in our founding. This blasphemous threat is very damaging to our society and the existence of One Nation Under God.

4) – Border Invasions - We the People of Florida, declare our borders criminally compromised, thereby creating an immediate threat to our national security. This dire threat must be eliminated immediately. This overt condition is a hostile violation to our United States Constitution for America.

In conclusion, Governor DeSantis, we lawfully implore you to hear and fulfill this EMERGENCY PETITION and continue to be the admirable and courageous example our nation is desperately in need of. May God bless you and your family, administration, and staff.
